

MCA Education & Youth Committee
Activities from September 2006 through January 2007

In the fall 2006 E&Y committee meetings, we decided to further consider the issues relating to and perhaps update resolutions that were previously passed by the full MCA Board on:

- 1) School Day Start Time
- 2) Starting Date of School Year

In December 2006 we had a guest speaker on GT Center programs. In January 2007 we discussed the issue of moving the Teen Center. We have also been discussing a) bringing all bathrooms in FCPS up to an appropriate level of decency and respect for the kids, and b) improving communications within schools to reduce conflicts with exams and school events and to better spread out exams during the quarters.

In 2007 we would also like to:

- Meet with the Chief Academic Officer of FCPS
- Have an FCPS expert at a meeting to discuss drugs, gangs and related issues that can impact McLean area students
