

MCA E&Y Committee
October 2004

John Werner, Assistant Principal of Fairfax Public High School, was guest speaker at our October meeting. John held a very informative, practical and open discussion about drug and alcohol use in the schools and on gang problems in schools. He also touched on issues with teenage driving.

For our November meeting, to be held on the 9th, Denny Dearden, our FCPS Cluster 1 director, is scheduled to lead a discussion on "School issues impacting McLean area kids". Through the excellent efforts of Jane Scott Jones, Langley High School PTA is scheduling its November meeting to be in our conference room immediately prior to our meeting on the 9th so that Langley PTA members can then participate in the discussion with Denny Dearden.
